## OOCL RATE OFFER REFERENCE ON BOOKING CONFIRMATION

Recently we introduced a new quotation format for all our rate offers. We hope that the new format is an improvement and provides you with a clear overview of the rate(s) and applicable surcharges.

In order to also improve the handling of the rate details and application of the correct freight of your valued bookings we would kindly request you that on your booking confirmation you also include the rate offer reference, i.e. nr of the Rate Folder + Rate Document number. This information can be found in the top right hand corner of the rate offer, ex :

**Rate Folder No. 00001111**  
**Rate Document No. 11057**

We thank you beforehand for your cooperation in this matter.

## EUROPE TO INDIA-PAKISTAN - CHENNAI

Due to the continuing congestion problems experienced in Chennai and the increased costs that are being passed on to us by the feeder operators, we have been forced to implement a Port congestion Surcharge of USD 175/TEU.

## **TRANS-ATLANTIC GATEWAY EXPRESS - SERVICE CHANGE OF MONTREAL TERMINAL**

You have recently been advised that the St. Lawrence Coordinated Service (SLCS) jointly operated by OOCL and Hapag Lloyd, will be switching marine terminals in Montreal. The GEX 1 and GEX 2 service vessels currently utilizing Racine Terminal (Section 62) will be moving to Cast Terminal (Section 77). This change is required in order to maintain operational efficiencies in the Port of Montreal.

Cast and Racine terminals are both operated by Montreal Gateway Terminals Partnership, with whom the St. Lawrence Coordinated Service (SLCS) has had a longstanding partnership. OOCL anticipates that the terminal transition will be smooth, and also that our customers will continue to receive the same level of service at Cast Terminal that they are accustomed to receiving at Racine Terminal. There is currently no change for the GEX 1 service vessels calling at Tremont Terminal.

The first SLCS vessels that will call to Cast Terminal in Montreal will be as follows:

### **GEX 1 Service:**

OOCL Belgium 401 W / 401 E (SLCS voyage 01W51 / 01E01)

ETA: December 28th 2011\*

ETD: December 31st 2011\*

\*Note ETA and ETD are 24 hours earlier than long term schedule to avoid holiday shutdown.

### **GEX 2 Service:**

OOCL Montreal 205 W / 205 E (SLCS voyage 05W51 / 01E02)

ETA: December 26th 2011

ETD: January 05th 2012

## **DEEPENING WORKS AT ANTWERP PSA NOORDZEE TERMINAL 913**

We would like to remind you that the Antwerp Port Authorities have started the deepening works at the PSA Noordzee Terminal.

This means that no berthing will be allowed anymore on the last 350 metres of the terminal and services calling this terminal have been reshuffled.

As far as OOCL is concerned following has been set up with PSA :

- Services to remain operating at PSA 913 :
  - LPB (Europe/Far East) – no change
  - AES (Atlantic Express Shuttle) – no change
- Services to switch to PSA 869:
  - GMX (Gulf Mexico Express)
  - GAX (Gulf Atlantic Express)
  - GEX2 (Canadian Gateway Express)
  - PAX (Pacific Atlantic Express)
  - SBX (Scanbaltic Express)
