

CTV (China-Thailand-Vietnam Service)

The ASEAN–China Free Trade Area is the largest free trade area in terms of population and third largest in terms of nominal GDP. The implementation of the ASEAN-China Free Trade Agreement (ACFTA) ensures a free flow of goods between China and South East Asian countries, fueling cargo movements as well as customer demand. To cater for this growing market, OOCL is pleased to introduce a new Intra-Asia service, China-Thailand-Vietnam Service (CTV), linking China directly with Thailand and Vietnam.

With effect from May 2010, the CTV service, running with four 1,100-1,400 TEU vessels, will provide customers with a direct, fast and reliable service between China, Thailand and Vietnam.
