 * Overdue storage rates if invoiced by **Omega Shipping Baltic OÜ**.

Storage payments start from the next day of delivery (except the reefer container, which payments start from the day of delivery). Part of the day is considered as a whole day.

** Inbound combined demurrage and detention calculation shall commence at same day of container discharge and end at the same day as empty return..

Outbound combined demurrage and detention calculation shall commence at same day as empty gate out and end at same day of container loaded. Part of the day is considered as a whole day.

****Corresponding Tier Detention and Demurrage Calculation**

Effective 1st Aug 2022, the Corresponding Tier Detention & Demurrage (D&D) Calculation is a specific methodology to calculate D&D charge after expiry of D&D free time. Unless otherwise specified in a service contract and/or

rate filing, demurrage and/or detention charges upon free time expiry shall be assessed per Carrier's applicable tariff charge tier based on the actual day exceeding the tariff free time.
