

## TRADE NOTICE

Date: 22<sup>nd</sup> Aug, 2012

To,  
All CFSS

### **Sub: Stoppage of container movement at Nhava Sheva from 28 Aug 2012**

This is to bring to the serious attention of all CFSSs of Nhava Sheva area, that an emergency meeting was held on 22<sup>nd</sup> Aug 2012, and it has been decided to stop movement of containers from 28/08/2012 to protect the transporters against the losses incurred due to increasing operating costs and concede our rationale demand for increase in transport rates.

The stoppage is to emphasize on the losses incurred by transporters due to non-viability of transport operations due to increased operating costs like manpower, driver, maintenance, spares, etc.

In addition to the above, due to insufficient and poor infrastructure in Nhava Sheva, the members of NSCOWA have decided to carry only one box per trailer.

The managing committee of NSCOWA advises and requests all its members to stop transport activities with effect from 28/08/2012, until the transporters' legitimate demand is met.
