RE : Situation in Egypt

Dear Customer Partners,

Despite the recent upheaval in the political situation in Egypt, OOCL has so far received no notification on the change of the convoys in the Suez Canal and operation remains normal.

However, due to port closure in Damietta and Sokhna, there will be possible disruption to cargo operation. OOCL will keep affected customers informed.

OOCL will closely monitor the situation and will keep our customers informed of all latest situation.

Sincerely Yours,
