## ANNOUNCEMENT

### TO OUR VALUED CUSTOMERS:

The economic situation remains uncertain and freight rates are not covering basic operating or transportation costs. This is unsustainable in the long term.

In order to maintain a viable service level and a comprehensive liner network for our customers, OOCL would like to inform you that we have decided to restore freight rates to a more sustainable level.

With effect from January 15, 2011, freight rates for dry and reefer container shipments from Philippines Southbound to **Australia** will be increased by **USD 200** per TEU.

Thank you for your understanding and continued support. For further inquiries, assistance or clarification, please contact our Customer Service and/or Sales and Marketing colleagues at telephone number 554-8000.

Please be guided accordingly.

Thank you.
